Technical Projects

TEnmo
- Venmo-like application where users can login and send virtual money through the command line
- Learned Spring MVC framework to create both the backend request handling and client-side RESTful APIs

Vending Machine CLI
- Command-line application handling sale, inventory, and tracking of all items for a vending machine
- Implemented File I/O and Unit Testing while demonstrating the fundamentals of OOP while working in a pair

Portfolio Website
- Website utilizing HTML, CSS, and JavaScript basics while demonstrating creativity of design
- Includes showcase of responsive web design projects done previously

Professional Experience

Freelance Web Developer Philadelphia, PA   *Mar 2020 - Sep 2020*
- Designed, developed, and deployed websites for clients punctually and professionally
- Made use of modern web technologies like Bootstrap and turned client's needs into realities through close communication

Group Reservations Coordinator - Sheraton Downtown Philadelphia, PA   *Mar 2018 - Mar 2020*
- Started as front desk associate, promoted to Group Sales. Handled reservations for some of the largest conventions in Philadelphia
- Organized data with Excel Pivot Tables, coordinated booking interfaces, and tracked metrics through Marriott's internal web applications
- Managed guest requests and issues that arose in a pleasant and professional manner.

Front Desk Supervisor - Fairfield Inn/Residence Inn Santa Clarita, CA   *Aug 2014 - Jan 2018*
- First point of contact with guests. Greeted guests upon arrival
- Handled reservations for check-in and check-out, and managed payments and points of sale.
